Independent Auditor's Report

To the Board of Education
Bloomington Public Schools District No. 87
Bloomington, Illinois

Report on the Financial Statements

We have audited the accompanying financial statements of Bloomington Public Schools District No. 87 as of and for the fiscal year ended June 30, 2017, and the related notes to the financial statements, which collectively comprise Bloomington Public Schools District No. 87's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the financial reporting provisions prescribed and permitted by the Illinois State Board of Education. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note #1 of the financial statements, the financial statements are prepared by Bloomington Public Schools District No. 87 on the basis of the financial reporting provisions prescribed by the Illinois State Board of Education, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the audit requirements of the State of Illinois.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note #1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the “Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles” paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of Bloomington Public Schools District No. 87 as of June 30, 2017, or changes in financial position for the year then ended.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the assets, liabilities and fund balances arising from cash transactions of Bloomington Public Schools District No. 87 as of June 30, 2017, and its revenue received and expenditures disbursed during the fiscal year then ended and the respective budgetary comparison statements, in accordance with the financial reporting provisions prescribed by the Illinois State Board of Education and described in Note #1.

Other Reporting Responsibilities***Supplemental Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Bloomington Public Schools District No. 87's basic financial statements. The schedules listed in the table of contents as “Supplemental Information” are presented for the purposes of additional analysis and are not a required part of the basic financial statements of Bloomington Public Schools District No. 87. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is also not a required part of the basic financial statements.

The Supplemental Information and the schedule of expenditures of federal awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the “Supplemental Information” and the schedule of expenditures of federal awards are fairly stated in all material respects in relation to the basic financial statements as a whole.

The 2016 comparative information shown in the Schedule of Expenditures of Federal Awards was subjected to auditing procedures applied by us and our report dated September 29, 2016 expressed an unqualified opinion that such information was fairly stated in all material respects in relation to the 2016 basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 5, 2017, on our consideration of Bloomington Public Schools District No. 87 internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Bloomington Public Schools District No. 87's internal control over financial reporting and compliance.

Independent Auditor's Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

To the Board of Education
Bloomington Public Schools District No. 87
Bloomington, Illinois

Report on Internal Control and Compliance

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Bloomington Public Schools District No. 87 as of and for the year ended June 30, 2017 and the related notes to the financial statements which collectively comprise Bloomington Public Schools District No. 87's basic financial statements, and have issued our report thereon dated October 5, 2017. Our opinion was adverse because the financial statements are not prepared in accordance with generally accepted accounting principles. However, the financial statements were found to be fairly stated on the cash basis of accounting, in accordance with regulatory reporting requirements established by the Illinois State Board of Education, which is a comprehensive basis of accounting other than generally accepted accounting principles.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Bloomington Public Schools District No. 87's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Bloomington Public Schools District No. 87's internal control. Accordingly we do not express an opinion on the effectiveness of Bloomington Public Schools District No. 87's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the school district's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in the internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Bloomington Public Schools District No. 87's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance For Each Major Program and on Internal Control Over Compliance Required by The Uniform Guidance

To the Board of Education
Bloomington Public Schools District No. 87
Bloomington, Illinois

Report on Compliance for Each Major Federal Program

We have audited Bloomington Public Schools District No. 87's compliance with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2017. Bloomington Public Schools District No. 87's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Bloomington Public Schools District No. 87's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Bloomington Public Schools District No. 87's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination on Bloomington Public Schools District No. 87's compliance with those requirements.

Opinion on Each Major Federal Program

In our opinion, Bloomington Public Schools District No. 87 complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2017.

Report on Internal Control Over Compliance

Management of Bloomington Public Schools District No. 87 is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Bloomington Public Schools District No. 87's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Bloomington Public Schools District No. 87's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this communication is not suitable for any other purpose.

BLOOMINGTON PUBLIC SCHOOLS DISTRICT NO. 87
NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2017

Note #1 - Summary of Significant Accounting Policies

The District's accounting policies conform to the cash basis of accounting as defined by the Illinois State Board of Education Audit Guide.

A. Principles Used to Determine the Scope of the Reporting Entity

The District's reporting entity includes the District's governing board and all related organizations for which the District exercises oversight responsibility.

Component Units

The District has developed criteria to determine whether outside agencies with activities which benefit the citizens of the District, including joint agreements that serve pupils from numerous districts, should be included within its financial statements as component units. The criteria includes, but is not limited to, whether the District exercises oversight responsibility (which includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations, and accountability for fiscal matters), scope of public service, and special financing relationships.

Certain joint agreements have been determined to be part of the reporting entity because the District exercises significant influence over the assets, operations, and management of the joint agreements. However, the joint agreements are required to be separately audited and reported to the Illinois State Board of Education. These financial statements therefore represent only the financial condition of the primary government, Bloomington Public Schools District No. 87.

The joint agreements consist of the Bloomington Area Career Center and the McLean-DeWitt Regional Vocational System. The detailed financial information for each of the joint agreements can be obtained from the District's administrative office, located at 300 E Monroe Street, Bloomington, Illinois 61701.

B. Basis of Presentation - Fund Accounting

The accounts of the District are organized on the basis of funds and account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets and liabilities (arising from cash transactions), fund balance, revenue received, and expenditures disbursed. The District maintains individual funds as required by the State of Illinois. The various funds are summarized by type in the financial statements. These funds are grouped as required for reports filed with the Illinois State Board of Education. District resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The following funds and account groups are used by the District:

Governmental Funds -

Governmental funds are those through which most governmental functions of the District are financed. The acquisition, use, and balances of the District's expendable financial resources and the related liabilities (arising from cash transactions) are accounted for through governmental funds.

The Educational Fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

The Operations and Maintenance Fund is used to account for cash received from specific sources (other than those accounted for in the Capital Projects Fund or Fiduciary Funds) that are legally restricted to cash disbursements for specified purposes.

The Debt Services Fund accounts for the accumulation of resources for, and the payment of, general long-term debt principal, interest, and related costs.

Governmental Funds – (cont'd.)

The Transportation Fund is used to account for cash received from specific sources (other than those accounted for in the Capital Projects Fund or Fiduciary Funds) that are legally restricted to cash disbursements for specified purposes.

The Illinois Municipal Retirement/Social Security Fund is used to account for cash received from specific sources (other than those accounted for in the Capital Projects Fund or Fiduciary Funds) that are legally restricted to cash disbursements for specified purposes.

The Capital Projects Fund is used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by Trust Funds).

The Working Cash Fund accounts for financial resources held by the District to be used for temporary interfund loans to other funds.

The Tort Fund accounts for financial resources held by the District to be used for tort immunity and tort judgment purposes.

The Fire Prevention and Life Safety Fund is used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by Trust Funds).

Fiduciary Funds -

Fiduciary funds are used to account for assets held by the District in a trustee capacity or as an agent for individuals, private organizations, other governments, or other funds.

Agency Funds include Student Activity Funds, which account for assets held by the District as an agent for the students, teachers, and other entities. These funds are custodial in nature and do not involve the measurement of the results of operations. The amounts due to the activity fund organizations are equal to the assets.

The Group Medical Plan accounts for the accumulation of resources to provide health benefits for the District's employees and dependents. The Flexible Benefit Plan Fund accounts for resources to provide for health and daycare benefits.

The John M. Scott Vocational Education Trust is used for the purpose of providing vocational education programs at institutions in the City of Bloomington.

The Workmen's Comp Plan Fund is used for the accumulation of resources to provide for claims under workmen's compensation.

Governmental and Expendable Trust Funds - Measurement Focus

The financial statements of all Governmental Funds and Expendable Trust Funds focus on the measurement of spending or "financial flow" and the determination of changes in financial position rather than upon net income determination. This means that only current assets and current liabilities are generally included on their balance sheets. Their reported fund balance (net current assets) is considered a measure of "available spendable resources". Governmental fund operating statements present increases (cash receipts and other financing sources) and decreases (cash disbursements and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

Note #1 - Summary of Significant Accounting Policies (cont'd.)

B. Basis of Presentation - Fund Accounting (cont'd.)

General Fixed Assets and General Long-Term Debt Account Group

All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available. Donated fixed assets are valued at their estimated fair value on the date donated. The District records purchases of property and equipment as expenditures of various funds when paid. The District maintains a detailed list of property and equipment purchased for insurance purposes.

The District adopted a \$5,000 capitalization policy and follows the applicable capitalization in accordance with grant guidelines, when applicable.

No depreciation has been provided on fixed assets in these financial statements. The Illinois State Board of Education's Annual Financial Report (ISBE Form SD50-35/JA50-60) includes depreciation of \$3,468,855 which has been utilized for the calculation of the per capita tuition charge, and accumulated depreciation totaling \$51,986,740. Depreciation has been computed over the estimated useful lives of the assets using the straight-line method.

The estimated useful lives are as follows:

Depreciable Land	50 years
Buildings	
Permanent	50 years
Temporary	20 years
Infrastructure Improvements other than Building	20 years
Capitalized Equipment	3-10 years

Long-term liabilities expected to be financed from Debt Services Funds are accounted for in the General Long-Term Debt Account Group, not in the governmental funds. Proceeds from sales of bonds are included as receipts in the appropriate fund on the date received. Related principal payable in the future is recorded at the same time in the General Long-Term Debt Account Group.

The two account groups are not "funds". They are concerned only with the measurement of financial position. They are not involved with measurement of results of operations.

C. Basis of Accounting

Basis of accounting refers to when revenues received and expenditures disbursed are recognized in the account and how they are reported in the financial statements. With the exception of the Group Medical Plan and the John M. Scott Vocational Education Trust, which are on the modified cash basis of accounting, the District maintains its accounting records for all funds and account groups on the cash basis of accounting under guidelines prescribed by the Illinois State Board of Education. Accordingly, revenues are recognized and recorded in the accounts when cash is received. In the same manner, expenditures are recognized and recorded upon the disbursement of cash. Assets of a fund are only recorded when a right to receive cash exists which arises from a previous cash transaction. Liabilities of a fund, similarly, result from previous cash transactions.

BLOOMINGTON PUBLIC SCHOOLS DISTRICT NO. 87
NOTES TO THE BASIC FINANCIAL STATEMENTS

JUNE 30, 2017

Note #1 - Summary of Significant Accounting Policies (cont'd.)

C. Basis of Accounting (cont'd.)

Cash-basis financial statements omit recognition of receivables and payables and other accrued and deferred items that do not arise from previous cash transactions.

The District's financial statements reflect modifications to the cash basis of accounting. These modifications are for the employer portion of payroll taxes of staff electing to be paid over twelve months not deposited with taxing authorities, and deferred revenue for property taxes collected prior to the year of anticipated usage.

The District uses the modified cash basis of accounting for the Group Medical Plan and the John M. Scott Vocational Education Trust. The modified cash basis of accounting recognizes revenues when both "measurable and available." Measurable means the amount can be determined. Available means collectable within the current period or soon enough thereafter to pay current liabilities. Also, under the modified cash basis of accounting, expenditures are recorded when the related fund liability is incurred, except for general obligation bond principal and interest which are reported as expenditures in the year due.

Proceeds from sales of bonds are included as other financing sources in the appropriate fund on the date received. Related principal payable in the future is recorded at the same time in the General Long-Term Debt Account Group.

D. Budgets and Budgetary Accounting

The budget for all Governmental Funds and for the Working Cash Fund is prepared on the cash basis of accounting which is the same basis that is used in financial reporting. This allows for comparability between budget and actual amounts. This is an acceptable method in accordance with Chapter 105, Section 5, Paragraph 17-1 of the Illinois Compiled Statutes. The original budget was passed on September 28, 2016, and was amended on June 28, 2017.

For each fund, total fund expenditures disbursed may not legally exceed the budgeted amounts. The budget lapses at the end of each fiscal year.

The District follows these procedures in establishing the budgetary data reflected on the financial statements:

1. Prior to July 1, the Superintendent submits to the Board of Education a proposed operating budget for the fiscal year commencing on that date. The operating budget includes proposed expenditures disbursed and the means of financing them.
2. A public hearing is conducted to obtain taxpayer comments.
3. Prior to October 1, the budget is legally adopted through passage of a resolution.
4. Formal budgetary integration is employed as a management control device during the year.
5. The Board of Education may make transfers between the various items in any fund not exceeding in the aggregate 10% of the total of such fund as set forth in the budget.
6. The Board of Education may amend the budget (in other ways) by the same procedures required of its original adoption.

Note #1 - Summary of Significant Accounting Policies (cont'd.)

E. Cash and Cash Equivalents

Cash includes amounts in demand deposits and time deposit (savings) accounts. Cash equivalents include amounts in time deposits and other investments with original maturities of less than 90 days.

F. Investments

Investments, except those held in the Group Medical Plan and the John M. Scott Vocational Education Trust, are stated at cost, which approximates market. The District, under 30 ILCS 235/2, may legally invest in all securities guaranteed by the full faith and credit of the United States, as well as interest-bearing savings accounts, certificates of deposit, or time deposits constituting direct obligations of banks insured by FDIC and savings and loan associates insured by FSLIC. The District may also invest in short-term obligations of the Federal National Mortgage Association, the Public Treasurer's Investment Pool, and all interest-bearing obligations of the State of Illinois.

Investments held in the Group Medical Plan and the John M. Scott Vocational Education Trust are stated at market. Gains or losses on the sale of investments are recognized upon realization. Unrealized gains or losses due to the change in fair market value are recognized when measurable.

G. Inventories

Inventory consists of expendable supplies held for consumption. The cost is recorded as an expenditure disbursed at the time the individual inventory items are purchased. The District maintains records of supply inventories; however, the cost is recorded as an expenditure disbursed at the time the individual inventory items are purchased.

H. Total Memorandum Only

The "Total Memorandum Only" column represents the aggregation (by addition) of the line-item amounts reported for each fund type and account group. No consolidations or other eliminations were made in arriving at the totals; thus, they do not present consolidated information.

These totals are presented only to facilitate financial analysis and are not intended to reflect the financial position or results of operations of the District as a whole.

Note #2 - Property Taxes

The District's property tax is levied each year on all taxable real property located in the District on or before the last Tuesday in December. Taxes are levied in McLean County. The 2016 levy was passed by the board on December 14, 2016. Property taxes attach as an enforceable lien on property as of January 1 and are payable in two installments on June 1 and September 1. The District receives significant distributions of tax receipts approximately one month after these due dates. Taxes reported in these financial statements are from the 2015 and prior levies. Proceeds from the 2016 levy received prior to June 30, 2017, have been recorded as Deferred Revenues & Other Current Liabilities, since their intended use is to fund the 2017-2018 school year.

Note #3 – Fund Balance Reporting

According to Government Accounting Standards, fund balances are to be classified into five major classifications: Nonspendable Fund Balance, Restricted Fund Balance, Committed Fund Balance, Assigned Fund Balance, and Unassigned Fund Balance. The Regulatory Model, followed by the District, only reports Reserved and Unreserved Fund Balances. Below are definitions of the differences and a reconciliation of how these balances are reported.

A. Nonspendable Fund Balance

The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The “not in spendable form” criterion includes items that are not expected to be converted to cash, for example, inventories and prepaid amounts. The John M. Scott Educational Trust principal balance is to be maintained unless otherwise amended through a court order, resulting in a nonspendable balance of \$1,318,263. This balance is included in the financial statements as Reserved in the Trust and Agency Funds.

B. Restricted Fund Balance

The restricted fund balance classification refers to amounts that are subject to outside restrictions not controlled by the entity, such as restrictions imposed by creditors, grantors, contributors, laws and regulations of other governments, or imposed by law through constitutional provisions or enabling legislation. Special Revenue Funds are, by definition, restricted for those specified purposes. The District has several revenue sources received within different funds that also fall into these categories:

1. Special Education

Cash receipts and the related cash disbursements of this restricted tax levy are accounted for in the Educational Fund. Expenditures disbursed exceeded revenue received for this purpose, resulting in no restricted fund balance.

2. Leasing Levy

Cash disbursed and the related cash receipts of this restricted tax levy are accounted for in the Educational Fund. Expenditures disbursed were less than available fund balance for this purpose, resulting in a restricted fund balance of \$2,413. This balance is included in the financial statements as Reserved in the Educational Fund.

3. State Grants

Proceeds from state grants and the related expenditures have been included in the Educational, Transportation, Municipal Retirement/Social Security, and the Fire Prevention and Safety Funds. At June 30, 2017, expenditures disbursed exceeded revenue received from state grants, resulting in no restricted balances.

BLOOMINGTON PUBLIC SCHOOLS DISTRICT NO. 87
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2017

Note #3 – Fund Balance Reporting (cont'd.)

B. Restricted Fund Balance (cont'd.)

4. Federal Grants

Proceeds from federal grants and the related expenditures have been included in the Educational, Transportation, and Municipal Retirement/Social Security Funds. At June 30, 2017, expenditures disbursed exceeded revenue received from federal grants, resulting in no restricted balances.

5. Social Security

Cash disbursed and the related cash receipts of this restricted tax levy are accounted for in the Municipal Retirement/Social Security Fund. Revenue received exceeded expenditures disbursed for this purpose, resulting in a restricted fund balance of \$839,445. This balance is included in the financial statements as Reserved in the Municipal Retirement/Social Security Fund.

6. Trust Funds

Cash receipts and the related cash disbursements of this fiduciary fund are accounted for in the Trust and Agency Funds. Revenue received exceeded expenditures disbursed for this purpose, resulting in a restricted fund balance of \$5,803,216. \$4,406,719 is available for benefits in the Group Medical Plan, \$952,813 is the spendable portion of the John M. Scott Educational Trust, \$40,174 is available for benefits in the Flexible Benefit Plan Fund, \$187,440 is available for benefits in the Workman's Comp Plan, \$103,754 is available of scholarships in the High School Activity Fund, and \$112,316 is available for scholarships in the Elementary and Other Activity Fund. These balances are reported in the financial statements as Reserved in the Trust and Agency Funds.

C. Committed Fund Balance

The committed fund balance classification refers to amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision making authority (the School Board). Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of formal action it employed to previously commit those amounts.

The School Board commits fund balance by making motions or passing resolutions to adopt policies or to approve contracts. Committed fund balance also incorporates contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

Employee contracts for services rendered during the school year for employees electing twelve month pay schedules are recorded as disbursements in the fiscal year when such checks are drawn. At June 30, 2017, the total amount of unpaid contracts and benefits for services performed during the fiscal year ended June 30, 2017 amounted to \$453,885. This amount is shown as Unreserved in the Educational Fund.

D. Assigned Fund Balance

The assigned fund balance classification refers to amounts that are constrained by the government's intent to be used for a specific purpose, but are neither restricted nor committed. Intent may be expressed by (a) the School Board itself or (b) the finance committee or by the Superintendent when the School Board has delegated the authority to assign amounts to be used for specific purposes.

E. Unassigned Fund Balance

The unassigned fund balance classification is the residual classification for amounts in the General Operating Funds for amounts that have not been restricted, committed, or assigned to specific purposes within the General Funds. Unassigned Fund Balance amounts are shown in the financial statements as Unreserved Fund Balances in the Educational and Working Cash Funds.

BLOOMINGTON PUBLIC SCHOOLS DISTRICT NO. 87

Note #3 – Fund Balance Reporting (cont'd.)

F. Regulatory – Fund Balance Definitions

Reserved Fund Balances are those balances that are reserved for a specified purpose, other than the regular purpose of any given fund. Unreserved Fund Balances are all balances that are not reserved for a specific purpose other than the specified purpose of a fund.

G. Reconciliation of Fund Balance Reporting

The first five columns of the following table represent Fund Balance Reporting according to generally accepted accounting principles. The last two columns represent Fund Balance Reporting under the regulatory basis of accounting utilized in preparation of the financial statements.

Fund	Generally Accepted Accounting Principles					Regulatory Basis	
	Nonspendable	Restricted	Committed	Assigned	Unassigned	Financial Statements-Reserved	Financial Statements-Unreserved

H. Expenditures of Fund Balance

Unless specifically identified, expenditures act to first reduce restricted balances, then committed balances, next assigned balances, and finally unassigned balances. Expenditures for a specifically identified purpose will act to reduce the specific classification of fund balance that is identified.

Note #4 – Deposits and Investments

The District is allowed to invest in securities as authorized by the District's investment policy, Sections 2 and 6 of the Public Funds Investment Act (30 ILCS 235), and Section 8-7 of the School Code of Illinois (105 ILCS 5). These include the following items:

- (1) in bonds, notes, certificates of indebtedness, treasury bills, or other securities now or hereafter issued, which are guaranteed by the full faith and credit of the United States of America as to principal and interest;
- (2) in interest-bearing savings accounts, interest-bearing certificates of deposits, interest-bearing time deposits, or any other investments constituting direct obligations of any bank as defined by the Illinois Banking Act;

- (3) in short term obligations of corporations organized in the United States with assets exceeding \$500,000,000;
- (4) in money market mutual funds registered under the Investment Company Act of 1940;
- (5) in short term discount obligations of the Federal National Mortgage Association;
- (6) in dividend-bearing share accounts, share certificate accounts, or class of share accounts of a credit union chartered under the laws of this State or the laws of the United States and is located within the State of Illinois;
- (7) in a Public Treasurer's Investment Pool created under Section 17 of the State Treasurer Act;
- (8) in the Illinois School District Liquid Asset Fund Plus;
- (9) in repurchase agreements of government securities;
- (10) in any investment as authorized by the Public Funds Investment Act, and Acts amendatory thereto.

Custodial Credit Risk Related to Deposits with Financial Institutions

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The District's general investment policy requires all amounts deposited or invested with financial institutions in excess of any insurance limit shall be collateralized by securities eligible for District investment or any other high-quality, interest-bearing security rated at least AA/Aa by one or more standard rating services to include Standard & Poor's, Moody's, or Fitch. The market value of the pledged securities shall equal or exceed the portion of the deposit requiring collateralization.

The District's investment policy states the preferred method for safekeeping of collateral is to have securities registered in the District's name and held by a third-party custodian. Safekeeping practices should qualify for the Governmental Accounting Standards Board's Statement III, Category I, the highest recognized safekeeping procedures.

As of June 30, 2017, all of the District's deposits were not exposed to custodial credit risk.

Custodial Credit Risk of Investments

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The federal agency securities and the money market fund are exposed to custodial credit risk in that they are uninsured, unregistered, and held by the counterparty's trust department or agent, but not in the District's name. The District does not have a policy for custodial credit risk.

Interest Rate Risk

Interest rate risk is the risk that the value of investments will decrease as a result of a rise in interest rates. The District's investment policy does not limit investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk and Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of an investment in a single issuer. Disclosures are required for any issuer that represents 5% or more of total investments, exclusive of mutual funds, external investment pools, and investments issued or guaranteed by the U.S. government. The District's investment policy places no limit on the amount the District may invest in any one issuer.

As of June 30, 2017, the credit quality ratings of debt securities (other than the U.S. government) are as follows:

<u>Investment Type</u>	<u>Fair Value</u>	<u>%</u>	<u>Rating</u>	<u>Organization</u>
Fixed Income Investments	1,864,884	6.7%	BBB+ thru AAA	Standard & Poor's

All of the other investment types of Bloomington School District No. 87 are mutual funds, U.S. Government securities, or investment pools and are not rated.

Illinois Funds Money Market -

During the year ended June 30, 2017, the District maintained an account with the Illinois Funds Money Market. Illinois Funds Money Market is an external investment pool created by the Illinois General Assembly in 1975. Its primary purpose is to provide Public Treasurers and other custodians of public funds with an alternative investment vehicle which will enable them to earn a competitive rate of return on fully collateralized investments, while maintaining immediate access to invested funds.

The monies invested by the individual participants are pooled together and invested in U.S. Treasury bills and notes backed by the full faith and credit of the U. S. Treasury. In addition, monies are invested in fully collateralized time deposits in Illinois financial institutions, in collateralized repurchase agreements, and in treasury mutual funds that invest in U.S. Treasury obligations and collateralized repurchase agreements.

BLOOMINGTON PUBLIC SCHOOLS DISTRICT NO. 87
NOTES TO THE BASIC FINANCIAL STATEMENTS

Note #4 – Deposits and Investments (cont'd.)

The time deposits are collateralized 110% over FDIC or FSLIC \$250,000 insurance with U.S. Treasury obligations and marked to market on a weekly basis to maintain sufficiency. The repurchase agreements are collateralized at 102% with U.S. Treasury obligations and collateral is checked daily to determine sufficiency. Individual participants maintain separate investment accounts representing a proportionate share of the pool assets and its respective collateral; therefore no collateral is identified with each participant's account.

At June 30, 2017, the District had \$8,866,116 invested with the Illinois Funds.

ISDLAF+ (Investment Pool) -

During the year ended June 30, 2017, the District maintained an account with the Illinois School District Liquid Asset Fund Plus (also known as ISDLAF+). ISDLAF+ is an external investment pool created in cooperation by the Illinois Association of School Boards, the Illinois Association of School Business Officials, and the Illinois Association of School Administrators. Its primary purpose is to provide School Districts, Community College Districts, and Educational Service Regions with an alternative investment vehicle which will enable them to earn a competitive rate of return on fully collateralized investments, while maintaining immediate access to invested funds.

At June 30, 2017, the District had \$13,198,133 invested with the ISDLAF.

Foreign Currency Risk

Foreign currency risk is the risk that an investment denominated in the currency of a foreign country could reduce its U.S. dollar value, as a result of changes in foreign currency exchange rates. The District had no foreign currency risk as of June 30, 2017.

Note #6 – Pension Disclosures

The Pension Disclosures for Bloomington Public Schools District No. 87, McLean-DeWitt Regional Vocational System, and Bloomington Area Career Center are not separable. The following is the combined information for Pension Disclosures.

The District contributes to two defined benefit pension plans: the Teachers Retirement System (TRS), and the Illinois Municipal Retirement Fund (IMRF). TRS is administered by the TRS board of trustees and is a cost sharing multiple employer plan. IMRF is administered by the IMRF board of trustees and is an agent multiple-employer public employee retirement system. The benefits, benefit levels, employee contributions and employer contributions for both plans are governed by Illinois Compiled Statutes and can only be amended by the Illinois General Assembly. The aggregate employer recognized pension expense on a cash basis for the year ended June 30, 2017, was \$1,635,606.

A. Teacher's Retirement System of the State of Illinois

Plan description

The employer participates in the Teachers' Retirement System of the State of Illinois (TRS). TRS is a cost-sharing multiple-employer defined benefit pension plan that was created by the Illinois legislature for the benefit of Illinois public school teachers employed outside the city of Chicago. TRS members include all active non-annuitants who are employed by a TRS-covered employer to provide services for which teacher licensure is required. The Illinois Pension Code outlines the benefit provisions of TRS, and amendments to the plan can be made only by legislative action with the Governor's approval. The TRS Board of Trustees is responsible for the System's administration.

TRS issues a publicly available financial report that can be obtained at <http://trs.illinois.gov/pubs/cafr.htm>; by writing to TRS at 2815 W. Washington, PO Box 19253, Springfield, IL 62794; or by calling (888) 877-0890, option 2.

Benefits provided

TRS provides retirement, disability, and death benefits. Tier I members have TRS or reciprocal system service prior to January 1, 2011. Tier I members qualify for retirement benefits at age 62 with five years of service, at age 60 with 10 years, or age 55 with 20 years. The benefit is determined by the average of the four highest years of creditable earnings within the last 10 years of creditable service and the percentage of average salary to which the member is entitled. Most members retire under a formula that provides 2.2 percent of final average salary up to a maximum of 75 percent with 34 years of service. Disability and death benefits are also provided.

Tier II members qualify for retirement benefits at age 67 with 10 years of service, or a discounted annuity can be paid at age 62 with 10 years of service. Creditable earnings for retirement purposes are capped and the final average salary is based on the highest consecutive eight years of creditable service rather than the last four. Disability provisions for Tier II are identical to those of Tier I. Death benefits are payable under a formula that is different from Tier I.

Essentially all Tier I retirees receive an annual 3 percent increase in the current retirement benefit beginning January 1 following the attainment of age 61 or on January 1 following the member's first anniversary in retirement, whichever is later. Tier II annual increases will be the lesser of three percent of the original benefit or one-half percent of the rate of inflation beginning January 1 following attainment of age 67 or on January 1 following the member's first anniversary in retirement, whichever is later.

Note #6 – Pension Disclosures (cont'd)

A. Teacher's Retirement System of the State of Illinois (cont'd)

Contributions

The State of Illinois maintains the primary responsibility for funding TRS. The Illinois Pension Code, as amended by Public Act 88-0593 and subsequent acts, provides that for years 2010 through 2045, the minimum contribution to the System for each fiscal year shall be an amount determined to be sufficient to bring the total assets of the System up to 90 percent of the total actuarial liabilities of the System by the end of fiscal year 2045.

Contributions from active members and TRS contributing employers are also required by the Illinois Pension Code. The contribution rates are specified in the pension code. The active member contribution rate for the year ended June 30, 2016, was 9.4 percent of creditable earnings. On July 1, 2016, the rate dropped to 9.0 percent of pay due to the expiration of the Early Retirement Option (ERO). The member contribution, which may be paid on behalf of employees by the employer, is submitted to TRS by the employer.

On behalf contributions to TRS. The State of Illinois makes employer pension contributions on behalf of the employer. For the year ended June 30, 2017, State of Illinois contributions recognized by the employer were based on the State's proportionate share of the collective NPL associated with the employer, and the employer recognized revenue and expenditures of \$21,833,459 in pension contributions from the State of Illinois.

2.2 formula contributions. Employers contribute 0.58 percent of total creditable earnings for the 2.2 formula change. The contribution rate is specified by statute. Contributions for the year ended June 30, 2017, were calculated to be \$162,648, and \$162,467 was actually paid toward this obligation in the current fiscal year.

Federal and special trust fund contributions. When TRS members are paid from federal and special trust funds administered by the employer, there is a statutory requirement for the employer to pay an employer pension contribution from those funds. Under a policy adopted by the TRS Board of Trustees that has been in effect since the fiscal year ended June 30, 2006, employer contributions for employees paid from federal and special trust funds will be the same as the State contribution rate to TRS. Public Act 98-0674 now requires the two rates to be the same.

For the year ended June 30, 2017, the employer pension contribution was 38.54 percent of salaries paid from federal and special trust funds. For the year ended June 30, 2017, salaries totaling \$1,162,164 were paid from federal and special trust funds that required employer contributions of \$447,898. \$446,935 of these contributions were actually paid in the current fiscal year.

Employer retirement cost contributions. Under GASB Statement No. 68, contributions that an employer is required to pay because of a TRS member retiring are categorized as specific liability payments. The employer is required to make a one-time contribution to TRS for members retiring under the ERO. The payments vary depending on the member's age and salary. The maximum employer ERO contribution under the program that ended June 30, 2016 is 146.5 percent and applies when the member is age 55 at retirement. For the year ended June 30, 2017, the employer paid \$118,084 to TRS for employer ERO contributions for retirements that occurred before July 1, 2016.

The employer is also required to make a one-time contribution to TRS for members granted salary increases over 6 percent if those salaries are used to calculate a retiree's final average salary. A one-time contribution is also required for members granted sick leave days in excess of the normal annual allotment if those days are used as TRS service credit. For the year ended June 30, 2017, the employer paid \$-0- to TRS for employer contributions due on salary increases in excess of 6 percent and \$-0- for sick leave days granted in excess of the normal annual allotment.

Pension Expense

For the year ended June 30, 2017, the employer recognized TRS pension expense of \$727,486 on a cash basis under this plan.

B. Illinois Municipal Retirement Fund (IMRF)

Plan Description.

The District's defined benefit pension plan for non-certified employees provides retirement and disability benefits, post-retirement increases, and death benefits to plan members and beneficiaries. The District's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of a multi-employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this document. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Comprehensive Annual Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information, for the plan as a whole, but not for individual employers. That report can be obtained online at <https://www.imrf.org/en/publications-and-archive/annual-financial-reports>.

Benefits provided.

IMRF has three benefit plans. The vast majority of IMRF members participate in the Regular Plan (RP). The Sheriff's Law Enforcement Personnel (SLEP) plan is for sheriffs, deputy sheriffs, and selected police chiefs. Counties could adopt the Elected County Official (ECO) plan for officials elected prior to August 8, 2011 (the ECO plan was closed to new participants after that date).

All three IMRF benefit plans have two tiers. Employees hired before January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1-2/3% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the lesser of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

Employees covered by benefit terms.

At December 31, 2016, the following employees were covered by the benefit terms:

Retirees or Beneficiaries currently receiving benefits	288
Inactive employees entitled to but not yet receiving benefits	263
Active employees	<u>264</u>
Total Members	815

Contributions.

As set by statute, the District's Regular Plan Members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The District's annual contribution rate for calendar year 2016 was 10.88%. The total employer contribution paid for 2016 was \$877,490. The District's contribution rate for the calendar year 2017 is 11.08%. The actual contributions paid during the fiscal year ended June 30, 2017 were \$908,120. The District also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Note #7 – Other Post-Employment Benefits

A. Teacher Health Insurance Security

The employer participates in the Teacher Health Insurance Security (THIS) Fund, a cost-sharing, multiple-employer defined benefit post-employment healthcare plan that was established by the Illinois legislature for the benefit of retired Illinois public school teachers employed outside the city of Chicago. The THIS Fund provides medical, prescription, and behavioral health benefits, but it does not provide vision, dental, or life insurance benefits to annuitants of the Teachers' Retirement System (TRS). Annuitants not enrolled in Medicare may participate in the state-administered participating provider option plan or choose from several managed care options. Annuitants who are enrolled in Medicare Parts A and B may be eligible to enroll in a Medicare Advantage plan.

The State Employees Group Insurance Act of 1971 (5 ILCS 375) outlines the benefit provisions of the THIS Fund and amendments to the plan can be made only by legislative action with the Governor's approval. The plan is administered by the Illinois Department of Central Management Services (CMS) with the cooperation of TRS. Section 6.6 of the State Employees Group Insurance Act of 1971 requires all active contributors to TRS who are not employees of the State to make a contribution to the THIS Fund.

The percentage of employer required contributions in the future will not exceed 105 percent of the percentage of salary actually required to be paid in the previous fiscal year.

A. Teacher Health Insurance Security (cont'd)

On behalf contributions to the THIS Fund

The State of Illinois makes employer retiree health insurance contributions on behalf of the employer. State contributions are intended to match contributions to the THIS Fund from active members which were 1.12 percent of pay during the year ended June 30, 2017. State of Illinois contributions were \$314,079, and the employer recognized revenue and expenditures of this amount during the year.

Employer contributions to the THIS Fund

The employer also makes contributions to the THIS Fund. The employer THIS Fund contribution was 0.84 percent during the year ended June 30, 2017. For the year ended June 30, 2017, the employer paid \$235,559 to the THIS Fund, which was 100 percent of the required contribution.

Further information on the THIS Fund

The publicly available financial report of the THIS Fund may be found on the website of the Illinois Auditor General (<http://www.auditor.illinois.gov/Audit-Reports/ABC-List.asp>). The current reports are listed under “Central Management Services” (<http://www.auditor.illinois.gov/Audit-Reports/CMS-THISF.asp>). B. Post-Retirement Health Care Plan

The District provides post-retirement health care benefits for the retirees and their dependents. All retirees are eligible to continue their health coverage under the District's self-funded health insurance plan. The retirees are responsible for the entire premium payment to secure coverage; however, for certain eligible staff, the District will continue to pay the monthly premium of applicable single coverage under the District's group health plan for the number of months equal to 3 months for each year or partial year of employment with the District, up to a maximum of 30 years or 90 months. The District finances the plan on a pay-as-you-go basis. The Unfunded Actuarial Liability has not been determined as of June 30, 2017.

Plan Description. The District administers a single-employer defined benefit healthcare plan. The Educational support employees who contribute to IMRF are eligible for post-retirement medical coverage. The plan does not issue a separate publicly available financial report.

Funding Policy. The contribution requirements of the District may be amended by the School Board. Current policy is to pay for post-retirement medical and insurance benefits or premiums as they occur. The District requires retirees to contribute 100% of the premium for their desired coverage, unless they are eligible retirees covered by the District. The premiums are established for the employee/retiree group, which currently range from \$677 per month for individual coverage to \$1,821 per month for family coverage. Although, with regard to retirees, this amount contains an implied rate subsidy by the District through the blended premium covering all current employees and retirees, there is no actuarial valuation performed to determine the amount of such subsidy.

In addition, the District will pay the monthly premium for employer-paid group life insurance for 5 years commencing with the participant's employment termination date. The amount of life insurance coverage will be the same dollar amount as was provided by the District during the last year of employment. The cost of the monthly premium is currently \$.08 per \$1,000 of coverage.

Under Section 5/19-1 of the Illinois School Code, the District is allowed to incur qualifying debt up to 13.8% of its latest equalized assessed value. The latest equalized assessed value was \$851,296,858 as of January 1, 2016.

Legal Debt Limit –

Legal Debt Limit	117,478,966
Less Qualifying Debt	<u>(49,420,854)</u>
Legal Debt Margin	<u>68,058,112</u>

Note #9 - Tax Anticipation Warrants

There were no tax anticipation warrants issued, retired, or outstanding during the fiscal year ended June 30, 2017.

Note #10 - Interfund Loan & Transfers

The following interfund loan activity occurred during the year ended June 30, 2017:

<u>Due To</u>	<u>Due From</u>	<u>Beginning Balance</u>	<u>Loan Proceeds</u>	<u>Loan Payments</u>	<u>Ending Balance</u>
Educational Fund	McLean-Dewitt Regional Vocational System	<u>50,000</u>	<u>200,000</u>	<u>50,000</u>	<u>200,000</u>

During the fiscal year ended June 30, 2017, the District transferred \$1,720,000 from the Working Cash Fund to the Educational Fund for general operating expenses and transferred \$1,825,753 from the Working Cash Fund to the Capital Projects Fund for capital projects. The District also transferred \$79,382 from the Educational Fund to the Debt Services Fund to report principal and interest payments on a capital lease.

BLOOMINGTON PUBLIC SCHOOLS DISTRICT NO. 87
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2017

Note #11 - Common Bank Accounts

Separate bank accounts are not maintained for all District funds; instead, certain funds maintain their uninvested cash balances in a common interest-bearing checking account, with accounting records being maintained to show the portion of the common bank account balance attributable to each participating fund.

Note #12 - Self Insurance Plan

All employees of the District are covered under the State of Illinois Unemployment Insurance Act. The District elected to be self-insured, and therefore, is liable to the State for any payments made to an unemployed worker claiming benefits.

The District is self-insured for medical coverage, which is provided to school personnel. Blue Cross/Blue Shield administers claims for a fixed fee per enrolled employee. The District has been responsible for the payment of claims up to annual levels of \$100,000 per employee and aggregate claims of \$6,742,396. Additional claims would be covered by commercial insurance. Future potential claims as of June 30, 2017, were not determinable.

At the beginning of each fiscal year, the District determines the amount of funds needed to operate the plan. This estimated total cost is used to develop standard unit charges for employees and for dependents covered under the plan.

The District has established a separate Self-Insurance Fund (Expendable Trust Fund) to account for the operation of this self-insurance plan. District contributions to the fund are made on the basis of 100% of the charges for employee coverage. Through payroll deductions, the employees are responsible for payment of the entire charges related to coverage of their dependents.

Note #13 - Contingencies

The District has received funding from state and federal grants in the current and prior years which are subject to audits by the granting agencies. The school board believes any adjustments that may arise from these audits will be insignificant to District operations.

The Illinois Department of Revenue discovered a misallocation of Corporate Personal Property Replacement Tax (CPPRT). It is estimated that the misallocation had resulted in an overpayment of \$541,270 in CPPRT to the District. The overpayment is expected to be recouped by the state through the reduction of future allocations.

Note #14 - Commitments

As of June 30, 2017, the District had the following construction commitments:

<u>Description</u>	<u>Amount</u>	<u>To be Paid From</u>
BJHS Carpet and Painting	90,711	Operations and Maintenance Fund
Masonry	110,340	Fire Prevention and Safety Fund
Gate and Landscaping	223,470	Capital Projects Fund

Note #14 – Commitments (cont'd.)

At June 30, 2017, the District had the following operating leases:

The District has approved an agreement with RK Dixon for copiers. The term of the lease, which will expire in December 2019, requires monthly payments of \$9,082.

The District has entered into an operating lease agreement with Neopost for postage machines. The term of the lease, which will expire in February of 2018, requires a minimum annual payment of \$359.

The District has entered into an operating lease agreement with Mail Finance for postage machines. The term of the lease, which will expire in August of 2019, requires minimum quarterly payments of \$948.

The District has entered into an operating lease agreement facilities usage. The term of the lease, which will expire in 2018, required a minimum annual payment of \$200,000 in fiscal year 2017 and \$100,000 in fiscal year 2018.

The District has entered into an operating lease agreement with Administrative Resource Options for technology equipment. The term of the lease, which will expire in 2019, requires an annual payment of \$35,798.

The future minimum lease payments are as follows:

Fiscal Year	Lease
<u>Ending June 30,</u>	<u>Payments</u>
2018	248,940
2019	148,581
2020	<u>54,495</u>
Total	<u>452,016</u>

The District also had leases for buses and technology equipment that expired during the year ended June 30, 2017. Total lease payment during the year ended June 30, 2017 totaled \$3,493,817.

Unpaid Teacher's Contracts - July and August payments of salaries for staff electing to be paid over twelve months were paid on June 30, 2017, resulting in payroll tax liabilities totaling \$249,121.

Vacation Pay – Vacation pay is considered to be an expenditure in the year paid. Eligible administrators and support staff receive vacation pay. At June 30, 2017, the estimated unused vacation pay liability is \$453,885.

Sick Pay – Sick pay is considered to be an expenditure in the year paid. Accumulated sick pay benefits are available to eligible employees to use in future years. Sick pay does not vest if not used during the term of employment with the district.

Retirement Commitments – The District has Administrative Retirees with Board-Paid Group Life and Medical Insurance under TRS or IMRF Benefits. At June 30, 2017, the estimated amount for this retirement commitment based on current premiums is \$157,477.

Termination Benefits – The District is liable for termination benefits to retiring employees as of June 30, 2017, totaling \$187,063, which includes \$121,997 due in fiscal year 2018, \$58,256 due in fiscal year 2019, and \$6,810 due in fiscal year 2020.

Note #15 - Disbursements and Transfers in Excess of Budget

As of June 30, 2017, the District had no disbursements and/or transfers in excess of budget.

BLOOMINGTON PUBLIC SCHOOLS DISTRICT NO. 87
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2017

Note #16 - Joint Agreements

The District is a member of the McLean-DeWitt Regional Vocational System and the Bloomington Area Vocational Center, along with other area school districts. The District's pupils benefit from programs administered under these joint agreements, and the District benefits from jointly administered grants and programming. The financial information for each of the joint agreements can be obtained from the District Office, 300 E Monroe Street, Bloomington, Illinois 61701.

Note #17 - Risk Management - Claims and Judgments

Significant losses are covered by commercial insurance for all major programs: property, liability, and worker's compensation. During the year ended June 30, 2017, there were no significant reductions in insurance coverage. Also, there have been no settlement amounts which have exceeded insurance coverage in the past three years.

The District is self-insured for worker's compensation coverage. CCMSI administers the claims. The District is responsible for the payment of claims up to \$450,000 per claim, no aggregate. Future potential claims as of June 30, 2017 were not determinable.

Note #18 - Related Party Transactions

The Component Units reimburse the District for teachers and supplies provided by the District.

The District and the Component Units forward funds to each entity in accordance with state and federal program project reimbursements. The administrative fee received by the District from the Bloomington Area Career Center during the year ended June 30, 2017 was \$91,000.

Note #19 - Flexible Spending Plan

The District maintains a Flexible Spending Plan for its employees. The Plan is maintained on a calendar year basis. The balance allocable to this plan as of June 30, 2017, is presented in this report as a trust and agency fund.

Note #20 - Other Assets/Liabilities

Deferred Revenues & Other Current Liabilities reflect the advance real estate tax payments received that will be used for operations in the next fiscal year.

Note #21 - Tax Abatement

The District has a tax abatement agreement with State Farm Automobile Insurance Co., an Illinois corporation. The District agreed to abate \$138,570 of the 2015 property taxes extended, which were scheduled to be received in the fiscal year ending June 30, 2017.

Note #22 - Subsequent Events

The District evaluates events and transactions that occur subsequent to year-end for potential recognition or disclosure in the financial statements through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued. There were no material subsequent events that required recognition or additional disclosure in these financial statements, other than the following event.

The District approved a resolution providing for the issuance of \$8,000,000 in General Obligation School Bonds at the August 2017 Board meeting.
